### BLASTED MINER BADLY MANGLED

A letter received today by Mrs. McAuliffe from her husband at Rich, Plumas county, gives an account of the death of Dick Yuman, better known as "Tripod Dick," who was killed by stumbling and falling upon a loaded stick of dynamite which he was carrying to reload a missed hole. The letter states that the man he was working for saw him pass his house at lunch time and noticed "Tripod" carrying the powder and informed his employer not to come to the tunnel where he was working as he had a missed hole which he would fix. His employer states that just as the unfortunate man was about to enter the tunnel he saw him fall and heard the explosion. Hurrying to the scene they found Yuman badly mangled but still alive and conscious. The explosion had blown one leg and one arm off. He lived two hours and during his conscious moments stated that he stumbled and fell. This was the only words that he kept repeating until death eased his sufferings. Twelve miners, the only people in the district, attended the funeral and consigned the remains to Mother Earth.

The unfortunate man had resided in Nye county for the past twenty years. Fourteen years ago he was blasted at lone, this county, which caused him the loss of an eye. To the people of this section he was known only as "Tripod Dick." He was a native of England and aged 40 years. He left here three months ago with Wm. McAuliffe to work in a placer mine at Rich, Calif., where he met accidental death.

MRS. MATT HALLIHAN was among the arrivals this morning from Reno where she visited friends.

Upon a search of the room a tumbler that had contained a fluid mixture supposed to have been cyanide was discovered. Although no odor could be detected in this glass officers are of the opinion that the deceased drank of the poison that caused her death.

Mrs. Sully had been a resident of Tonopah for a number of years and had just returned from a visit to San Francisco.

While in the coast city she evidently had some misunderstanding with her husband William Sully, an employee of the Belmont. He was according to his statement today, instructed in common sense proceedings. This he started to accomplish about a month ago. Shortly after the 20th he told Mrs. Sully, asked Sully to drop the action. The complaint was withdrawn and the couple had prepared to buy a home in the city. Last Saturday Sully, Mrs. Sully came to Tonopah and spent the night with her husband. The next morning with the intention of giving up her work there and returning to Tonopah on the 2nd Sully stated that he knew of no real reason for her act as the last time he saw her alive she was in excellent spirits and was looking forward to the time when they would again be together in their home.

Mrs. Sully leaves to mourn her loss two daughters, Mrs. Ruby Clark of Los Angeles and Mrs. Maggie Barries of Tonopah.

The deceased was a member of the Woman's order and left a note in which she asked Mrs. W. T. Somerville to take charge of the funeral arrangements.
